

CLASS LEADER ROLE

On the itineraries for each trip, please note that each Activity will include a “Class Leader.” The Class Leader is the group leader for that segment or event with responsibility for making introductions between the group and host, asking questions during Q&A, greeting guests at social events, making any appropriate remarks before a group, and sending thank you letters to hosts afterwards.

As Class Leader, feel free to contact hosts ahead of time to gather additional information about the business before our meeting. Onsite, you will be the group leader for that specific event.

The Class Leader concept arises from the notion that you must participate in the Leadership Program in order to gain the benefits. Attendance is not enough! We will talk more about this at our first event.
